

Sample Holiday Reminder Letter

(Halloween, Christmas, Valentines Day, Easter, etc.) is fast approaching! We have a number of students at (school name) who have peanut and nut allergies. We ask you to be extra careful in checking labels and avoiding sending any **(Hallowe'en, Christmas, Valentine's Day, Easter, etc.)** treats to school that may contain peanut or nut products. This is a life-threatening situation for these students.

Thank you once again by showing your care and concern for all children by helping to provide a safe learning environment.

Teacher
Principal

Parents should teach their child:

- to recognize first symptoms of an anaphylactic reaction
- to know where medication is kept and who can get it
- to communicate clearly when he or she feels a reaction starting
- to carry his/her own auto-injector in a safe fashion, as developmentally appropriate
- not to share snacks, lunches, or drinks
- the importance of hand-washing
- to take as much responsibility as possible for his/her own safety
