BUY NOTHING DAY

“Buy Nothing Day” is an international day of protest against overconsumption. This day is an opportunity to resist buying things we don’t really need to prevent causing more pollution. At St. Thomas More Catholic School we are going to mark “Buy Nothing Day” by holding a clothing swap on Thursday, November 28th!

Students will have an opportunity to bring in clothing items that they have grown out of and will swap them for clothing items brought in by other students. **How to participate:** - Please send in 1 or 2 clothing items in a plastic grocery bag before Thursday. - Clothing items should be washed and in good condition (free of stains, holes, scents). If possible, please label the clothing with the size on the front using masking tape.

Please return the bottom portion of this note with your son/daughter by Thursday, November 28th. On Thursday students will be assisted to “shop” for “new” clothing items to bring home.

Thanks for supporting our ECO initiatives and helping us to be stewards of God’s creation!
