FREE EVENT

Day 1: November 16th 2021 “Cannabis Retail and Communities”

Panel Discussion

1:00-2:30 PM EST

Alongside a panel of experts, we will explore considerations taken into account for presence of cannabis retail in communities, standards put in place for operations and measures protecting youth.

Register here!

Perspectives on the Panel

Ontario Cannabis Store

Alcohol Gaming Commission of Ontario (AGCO)

Daniel Bear Ph.D., Professor, Humber College

Centre for Addiction and Mental Health (CAMH)

Topics of Discussion

- What is the public health approach for cannabis retail outlets?
- Is smoking and vaping cannabis permitted in public places across Ontario and who sets the restrictions?
- How does cannabis legalization in Ontario measure against goals outlined in the Cannabis Act?
- What does education and consumer awareness look like for legal-aged youth?

“Youth and Cannabis Use, Landscape in Canada”

3:00-4:30 PM EST

This webinar aims to help us better understand: trends in cannabis use, cannabis use in comparison with other substances, cannabis legalization's impact on youth in Canada, the spectrum of cannabis use, potential harms of cannabis use during adolescence, and ways to support youth in our lives to promote positive youth development.

Day 2: November 17th 2021 "Cannabis and Youth"

Panel Discussion

2:30-4:00 PM EST

Alongside a panel of experts, we will explore the public health approach to cannabis legalization as it related to protecting youth, risks of vaping and other common methods of consumption for youth and youth's expectations from cannabis education and awareness initiatives across Canada.

Register here!

Perspectives on the Panel

Canadian Centre on Substance Use and Addiction (CCSA)

Centre for Addiction and Mental Health (CAMH)

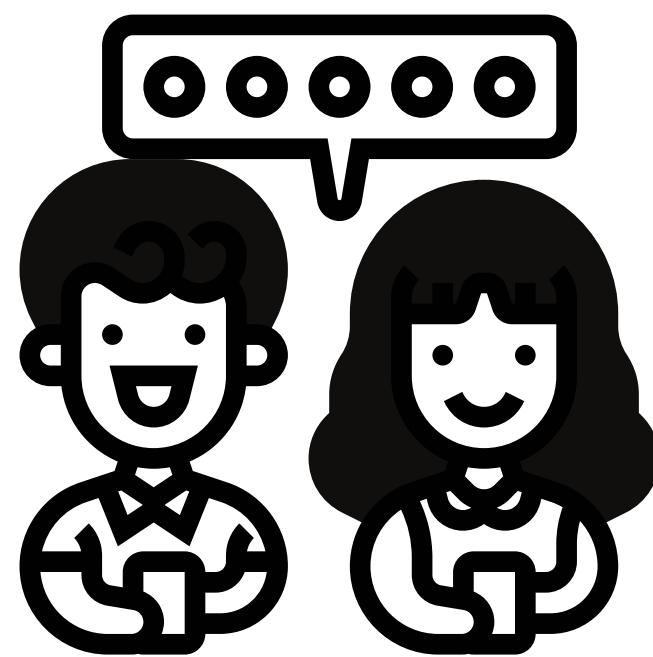

Canadian Students for Sensible Drug Policy (CSSDP)
School Mental Health

Topics of Discussion

- Health outcomes related to youth cannabis use since legalization.
- How are Ontario schools adapting education approaches to cannabis legalization?
- Impact of stigma on individuals and youth using cannabis and their help seeking behaviors

"Talking to Youth About Cannabis" Webinar

6:00-7:30 PM EST

This webinar looks at risk and protective factors contributing to youth use, how to start a conversation with youth about cannabis, identifying personal biases before engaging in a conversation, signs of cannabis use disorder, parental monitoring strategies, preventative practices, and how to set social norms and appropriate behavior/conduct around cannabis use.
