

## PASTORAL REPPORT

**SHARE LENT:** Our Homeform classes will be collecting donations up until the end of Holy Week for this year's Share Lent Collection. C.I.C.S. has decided to continue the **Kingston 2 Kingston** Connection with classroom donations going to St. Patrick's Foundation in Kingston, Jamaica to support a Trades/Co-op program at St. Margaret's School which is in danger of being closed due to government cutbacks. This is one of the schools that our students volunteer at during our School Mission Trips to Jamaica.

**WORLD WATER DAY ASSEMBLIES:** C.I.C.S., Student Council and Grade 12 Religion Students presented grade level assemblies on Thursday, March 22 about the important issues connected with water, especially concerns around the use of soft plastic water bottles and the challenge of ensuring our water systems remain publicly owned and available to all regardless of income. Student Council & C.I.C.S. are also selling the "**Thirsting for Justice**" Water Bottles at cost price during Lent: \$4.00 for small and \$5.00 for the large. Please support our school's efforts to reduce our use of the wasteful soft plastic bottles and to ensure clean affordable water for all.

**THINKFAST:** One of our more popular Lenten Activities is the annual 25-hour ThinkFast. This year's event took place from March 30-31; over 70 students and staff took part this year and raised pledges for the Canadian Catholic Organization for Development & Peace.

**LENTEN LITURGICAL CELEBRATIONS:** Our April School Liturgies will be held on Wednesday, April 4<sup>th</sup>. This will consist of four grade level assemblies during which we will reflect on the Way of the Cross and how we can enter more deeply into the spirit of Holy Week.

May each of us experience the Risen Christ this Easter and be blessed with the joy and peace that is God's gift to us.

Chris Forster, Pastoral Services

## FUTURES BUILDING 2007

On **Friday, March 30<sup>th</sup>**, 100 Holy Cross staff and students attended "Future Building 2007", the largest provincial trade fair to date in **Ottawa**. This exposition allowed students to explore career opportunities in Ontario's Industrial, Commercial and Institutional construction industry spanning trades from sheet metal workers to glaziers to millwrights. Funding for this trip was made possible through the support of Mrs. Lynn Wallace, Principal of Student Success for our board.

The government is helping record numbers of high school students start their formal skilled trades training while still in high school, according to Chris Bentley, Minister of Training, Colleges and Universities. Due to a great need in the province for qualified skilled trades personnel, the "government is on the side of Ontario families who want their sons and daughters to find opportunity," according to Bentley. "That's why we're helping high school students who want a career in the skilled trades get started on their apprenticeships."

The Holy Cross Technology Department supports student interest in the skilled trades. For more information on getting involved in an apprentice program, and which courses your son/daughter should take while at Holy Cross, please contact Mr. **John Esford**, Technology Department Head at 613-384-1919 x 2215.

## ROBELLISPRESENTATION

On the **afternoon of Thursday, April 12<sup>th</sup>, 2007**, **Rob Ellis** in partnership with the **Workplace Safety and Insurance Board, WSIB** will be speaking to **all Grade 10 students and their teachers** in the cafeteria regarding the health and safety of young workers.

**On Feb. 11<sup>th</sup>, 1999 David Ellis** was working at a bakery in Oakville. It was his second day on the job, and he had had little training in workplace safety. David was cleaning dough from an industrial mixer when the machinery accidentally became activated. He was drawn into the mixer by the rotating blades and struck his head. He was taken to hospital and died of massive head injuries six days later. David Ellis was only 18. It was his second day on the job.

David took the job to save money for university. But, like many other young workers, he received only minimal training. And he was unaware his employer had ignored a mandatory order to install a low-cost safety device on the outside of the mixer. In hindsight, if these two things had been changed, David Ellis might still be alive. **"So he took the job and I assumed as a businessman, and I assumed as a parent, that the place that he was going to work at was safe. And I assumed wrong. I assumed wrong."**

The tragic loss of his son in a workplace-related accident has convinced Rob of the vital importance of speaking with and educating our young workers. Through the creation of [Our Youth At Work](#), Rob has developed international partnerships with companies dedicated to protecting young workers on the job. Rob's work with young people, parents and businesses has been widely publicized across Canada and he has been invited to participate in a number of international events as a keynote speaker

Students have had the opportunity to complete the on-line application process. Any student who has not completed the process must contact their counselor. A verification sheet outlining course selected will be sent out by the end of April. This is an opportunity for corrections/changes to selections to occur. Students should make a guidance appointment if they have any concerns. **Only students who have successfully completed 24 credits by September, 2007 will be eligible for a spare in Semester 1.**

### University and College Acceptances

Final first semester marks have been forwarded to both OUAC and OCAS.

Please be aware of the fact that universities vary widely in when they send their offers of admission. Some students may have already had an early acceptance, but this is not the norm. Mid-term marks will be forwarded to OUAC by the end of April. Grade 12 students enrolled in a night school course must have a midterm mark submitted to Student Services by **April 15<sup>th</sup>** and a final mark by **June 15<sup>th</sup>**. Universities will then begin to send offers of admission. Please reassure your son/daughter that they should not be alarmed if they do not hear at the same time as their friends. Students should expect a response from Universities by **May 25<sup>th</sup>** (latest). **May 28<sup>th</sup>** is earliest date by which Ontario Universities may require a response to an offer of admission.

College applicants must confirm their acceptance of a college offer by **May 1<sup>st</sup>**.
