Allocated Seats 5	

Consumer Behaviour (45 hours)	
SLC Course Code MCOM 19	Consumer behaviour is a discipline that looks at why people and organizations buy goods and services, when and where they buy them, how they use them, the frequency with which they purchase them and the decision-making processes they follow. This component of the field of marketing derives its theory and application from disciplines such as communications, psychology, sociology, cultural anthropology, and economics to describe and understand how customers, both individuals and organizations, are likely to behave. Related Programs: <i>Advertising and Marketing Communications</i>
Ministry Course Code BME4T	
Allocated Seats 3	
Introductory Accounting I (45 hours) - 7 week block (3-4 days a week, 2 hour classes per day)	
SLC Course Code ACCT 1	Introductory Accounting part I and II, are intended to provide an introduction to accounting and its role in the business community. As such, the courses are designed to lay the groundwork for more advanced studies in accounting and related subjects. This course introduces the student to how accounting information is used by and meets the needs of both internal and external users through effective and efficient communication, as well as what accounting information is required by a business concern to clearly reflect the operating results of the enterprise over its operating life. Throughout the subject, students will be introduced to generally accepted accounting principles, the interpretation and preparation of financial statements and how this information is recorded in the various business records. <i>Note: Students should have completed Grade 11 college math, at a minimum for this course</i> Related Programs: <i>Business Administration, Human Resources, Fundamentals, Accounting or Marketing</i>
Ministry Course Code BAA4T	
Allocated Seats 3	
Introductory College Communications (45 hours)	
SLC Course Code COMM 34	This course is designed to help students to develop and practice the communication skills needed in order to succeed both in college and in their professional careers. The course will cover the basic elements of effective communications with emphasis on the writing process. In addition students will have the opportunity to practice such receptive skills as listening, researching and reading. This course will prepare students for the more advanced communications courses. Related Programs: <i>Business Administration, Human Resources, Fundamentals, Accounting or Marketing and Office Administration General, Legal or Medical</i>
Ministry Course Code EBH4T	
Allocated Seats 3	
Introductory to Human Resources Management I (60 hours)	
SLC Course Code HUMA 53	Introductory Human Resources is intended to give an introduction to the purpose, functions and application of Human Resources Management activities and principles which will assist an organization in achieving their primary goals and objectives. Related Programs: <i>Business Administration, Human Resources, Fundamentals, Accounting or Marketing</i>
Ministry Course Code BOO4T	
Allocated Seats 3	
Introductory Marketing I (45 hours)	
SLC Course Code MARK 201	This course is designed to provide students with a sound grounding in the field of marketing. Emphasis is placed on the formulation and management of integrated marketing strategies which play a role in achieving organizational objectives. The first segment of the course concentrates on the role of marketing in contemporary organizations and the environments affecting marketing practice. The second segment dwells on strategic planning procedures, market segmentation, information collection and buying behaviour principles. The third segment examines the first element of the marketing mix in detail: product strategy and management. Related Programs: <i>Business Administration, Human Resources, Fundamentals, Accounting or Marketing</i>
