

Accessing FreshGrade from Home for Remote Learning! A Parent Guide

Hello folks! In an effort to maintain instruction and curriculum delivery from a remote setting, your child will be able to access FreshGrade as a means of sharing learning. This infographic can be used to assist in accessing FreshGrade from home. As your child will be sharing work that is completed at home, you will need to access FreshGrade through the Student app/program, as the Parent app is only for viewing and commenting on work.

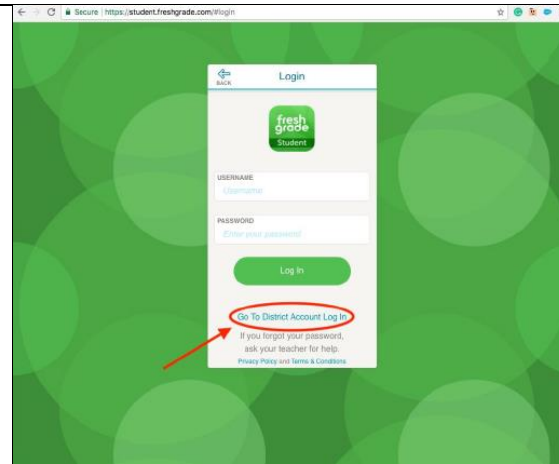

There are three(!) ways to access FreshGrade for Students:

On Mobile Device or Tablet	From a PC using ALCDsb my.alcdsb.on.ca	From a PC visiting https://freshgrade.com/freshgrade-classic/
<p>Step 1. Download the FreshGrade for Students app from your app store (app is Green)</p> 	<p>Step 1. Navigate to my.alcdsb.on.ca and login with you child's username@alcdsb.on.ca and password (this is available from your school if unknown)</p> 	<p>Step 1. Navigate to https://freshgrade.com/freshgrade-classic/ and select the Log in button in the top right of the screen. (Select FreshGrade Classic if prompted!)</p> 
<p>Step 2. Open up the App on your mobile device or tablet</p>	<p>Step 2. From your child's Virtual Commons, select the "FreshGrade" Icon (once you complete the following steps once, your child will login automatically from this point!)</p> 	<p>Step 2. Select "I would like to log in as a" ... Student!</p> 

Step 3. (This is the same for all three login types)

For all three logins, select “I Have an Account” listed below the other options (This is highlighted in Blue)

Step 4. (This is the same for all three login types)

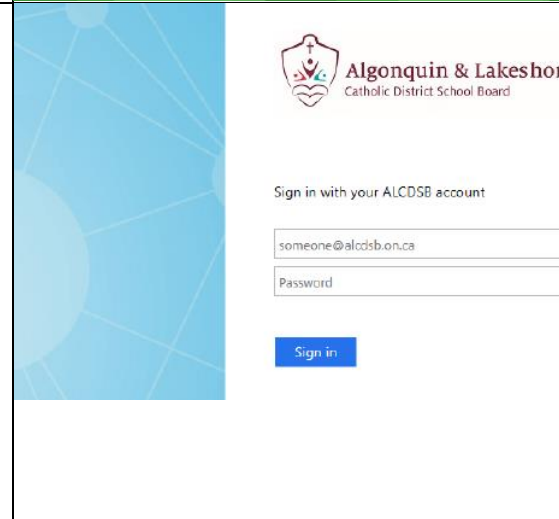

Select “Go to District Account Log In” (This is also highlighted in blue)

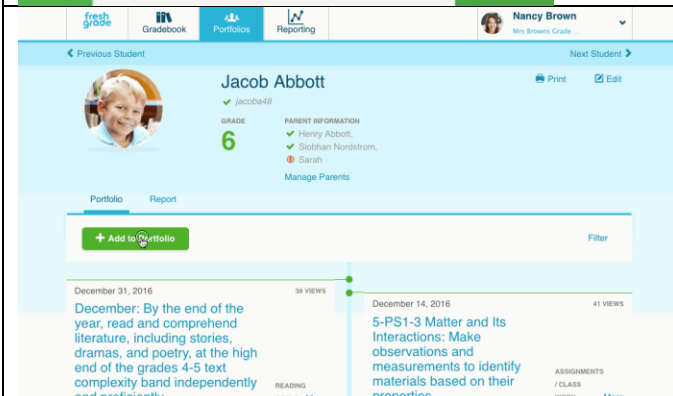

Step 4. (this is the same for all login types)

Search for our District Name (Algonquin and Lakeshore CDSB) This should show up after the first couple of letters.

Select this option!

Step 5. (This is the same for all login types) Enter your child’s username@alcdsb.on.ca and password. Select “Sign in”

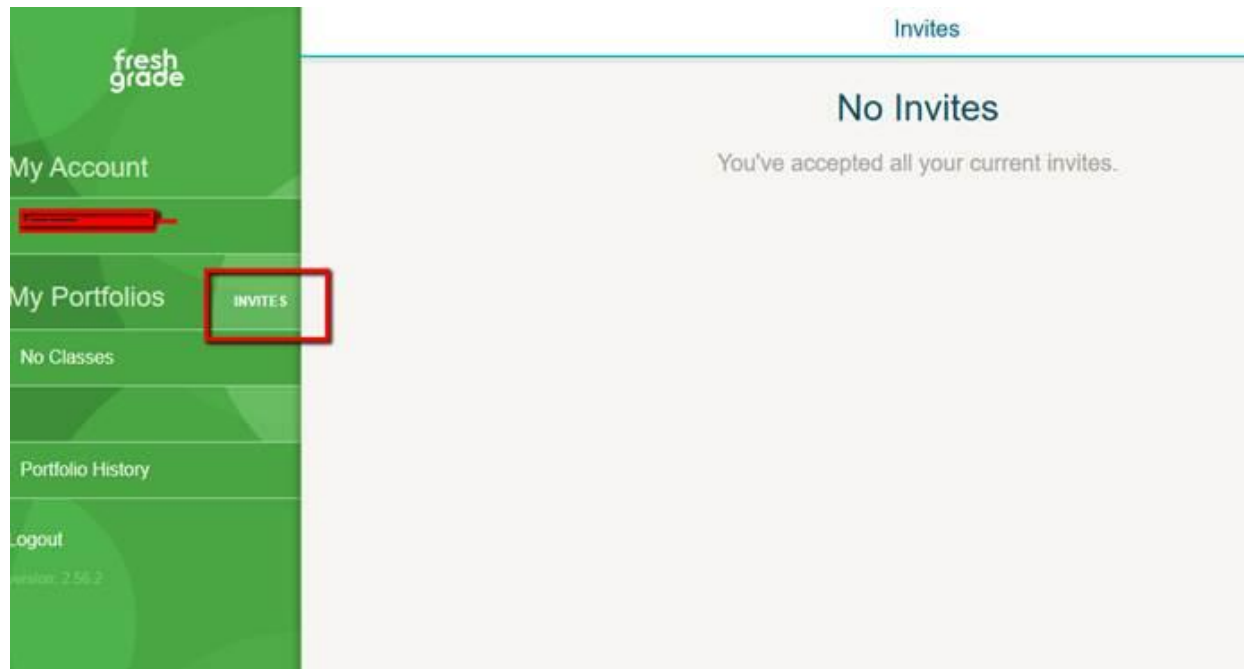

Step 6.

You're in!

From here you'll be able to access and share content with your child's teacher!

BONUS: Accepting the Invitation to Participate in your Child’s FreshGrade Class

If you are able to log in and don’t see a class, or perhaps you only see old archived classes, it’s possible you still need to accept the invitation to your child’s class. In FreshGrade you will see a column with different words and options, one of them being “Invites”. Select “Invites, and you’ll see an option to accept an invite to this year’s class. This should be all you need to get started! In the image below, the student does not have any invites pending, and would be able to navigate to a class portfolio from the green column.

NOTE: If you have multiple people in your household using FreshGrade, you may receive error messages or be denied access – this is likely an issue of your device remembering the username and login of another family member. If possible, try using different browsers for different family members (Chrome, Edge, Firefox, etc.) Otherwise, you may have to clear your browser cache at the end of each session. This can be found in your browser settings, usually where you would clear a browser history.
