SHSM Components

1. A bundle of Grade 11 and Grade 12 credits

Major Credits

Four Grade 11 and 12 credits that build a foundation of sector-focused knowledge and skills before entering a postsecondary destination; at least one of the credits must be Grade 12. Since the required Grade 11 World Religions or IB Philosophy course counts as one major credit, only three more are needed. An extra Co-op credit (beyond the two credits required below) may count for one of these major credits. If necessary, see your guidance counsellor for more courses that will satisfy this requirement.

Plan at least three more credits (check four)
 (at least one must be from the Grade 12 column)

2. Certifications and/or training courses/programs

Six industry-recognized certifications that provide knowledge and skills related to safe work habits and sector-specific training and give students an advantage when entering the workforce. For instance, Standard First Aid, CPR Level C (including AED), and WHMIS generic instruction are compulsory certifications for Arts & Culture.

3. Experiential learning and career exploration

Activities that take place outside the traditional classroom setting and allow students to observe, participate in, and reflect on a variety of sector-specific experiences and careers. Examples include job shadowing, job twinning, worksite tours, and attendance at career fairs, conferences or competitions hosted by the sector.

4. Reach ahead experiences

Experiences connected with students' postsecondary plans that provide them with an opportunity to experience the next step in their chosen pathway. Examples include tours of colleges, universities, training facilities and workplaces, interviews of employees in the sector or students studying in the field, and dual credit courses.

5. Sector-partnered experiences

Activities that take a process-based approach to innovation, creativity and entrepreneurship by encouraging the application of key skills to a unique experience solving real-world, sector-relevant challenges, developed and delivered in collaboration with employers and community partners.
