

*St. John XXIII Catholic School*

**Promoting Positive School  
Climate and Well-being**

## Preamble

The ALCDSB is dedicated to creating and promoting positive school climate and well-being in all of our schools. Respecting the dignity of all persons by fostering trusting relationships through policies and practices that promote equity, inclusion and diversity are at the core of our Catholic values, the Board's spiritual theme of *Faith in Action* and our provincial *Catholic Graduate Expectations*. A positive school climate is directly linked to student success and well-being ensuring students are motivated to do well and will realize their full potential. We are committed to sustaining healthy and nurturing communities of belonging that are safe, caring and respectful and built on the principles of restorative practice and progressive discipline.

The ALCDSB and its school communities engage in a whole school approach in putting prevention and intervention strategies in place to facilitate a positive relationship between students, staff, parents and community partners.

## I. Education, Awareness, and Outreach

St. John XXIII Catholic School proclaims that all people are created in the image and likeness of God and, as such, have the right to be treated with dignity, respect and fairness. The school further recognizes that a whole-school approach to engaging the school community will help the School's efforts to address inappropriate behaviour.

To these ends, the School will utilise the Ministry of Education definition of bullying in communications with the school community:

In its communication efforts, the School will:

- Make known that a positive school climate is essential for student achievement and well-being
- Identify the factors that contribute to a safe, inclusive caring and accepting school climate.
- Support relationship building and focus on promoting healthy relationships using a variety of strategies
- Educate parents and students regarding the differences between bullying, conflict, aggression and teasing
- Explore and identify the underlying factors that contribute to conflict and/or bullying, with the intent to facilitate programs aimed at resolving conflicts (i.e., *Restorative Circles*, *group counselling sessions with support of Youth Worker*)
- Work in partnership with parents and the broader school community to build awareness about the resources and pathways available.
- Be responsive to parental concerns and continue to build relationships and resiliency.

St. John XXIII Catholic School will communicate and share with the school community, policies and procedures including the Board/School Code of Conduct, equity and inclusive education policy and guidelines for religious accommodations, procedures to address incidents of discrimination, progressive discipline approach, and promoting positive school climate and well-being.

1. The School will endeavour to increase education, awareness and outreach by using the following best practices:
  - A whole-school approach to creating a safe and caring school;
  - Religious and Family Life Education curriculum focused on building relationships;
  - Progressive Discipline and Restorative Practices;
  - Facilitate the creation of a Peer Helper/Mentor Program in the school.
  - Promote student voice and student engagement both inside and outside the classroom.
  - Guest speakers, community partner presentations that build on and maintain positive relationships.
  
2. The School has identified the following strategies to engage parents in conversations about promoting a positive school climate:
  - Parent representation on Caring and Safe Catholic Schools Team - each school has a team;
  - Presentations to School Council on bullying prevention and positive school climate;
  - Ongoing training and presence of parent volunteers in the school involved with various educational initiatives;
  - Completion of School Climate Survey bi-yearly.
  - Ongoing communication with families when issues come to light.
  - Discussions with our students and staff about way in which we can further live by the Gospel values.

## **II. Evaluation of Evidence**

St. John XXIII Catholic School recognizes that effective prevention strategies must be evidence-based.

The School will base its interventions, strategies, practices and programs on evidence from the school climate surveys and other relevant information. The school will take the following steps to assess prevention initiatives and strategies:

- Evaluate the evidence to determine the main areas of concern, and identify issues in the physical environment, determine current procedures, and assess the strategies in place based on results of the school climate surveys and other relevant information.
- Identify children and youth involved in bullying (including the bully, the person being bullied, and those who may have witnessed or been affected by the bullying). The School will consider using a risk assessment approach in this process.
- Review and update the school's strategies as a result of gathering new information.
- Share the updated strategies with the school community.
- Regular case conferences to address the changing needs of students.

#### **Pre-evaluation strategy**

1. The School's main issues of concern raised by students, staff and parents in the school climate surveys and based on other relevant information are the following:
  - Ensuring that students can report incidents of bullying safely and in a way that minimizes the possibility of reprisal;
  - Ensuring that students build and maintain positive relationships through safe play and encouraging interactions;
2. The School's areas of focus with respect to the physical environment are:
  - Ensuring supervision of students inside the school and on school property;
  - Provide opportunities for students to participate in various extra-curricular clubs/activities aimed at building community among students and staff;
  - \_\_\_\_\_.
3. The School's current processes for reporting on, responding to, supporting, and following up on issues are as follows:
  - Use of the Board's *Caring and Safe Catholic School Administrative Procedures*;
  - Ensuring restorative justice practices are understood by all staff and students and effectively implemented;
  - The use of Incident Report Forms;

- Ensuring effective communication between staff members regarding incidents that occur in the school, including steps toward positive resolutions.
4. Based on a review of the school climate survey results and other relevant information, the following areas have shown success/improvement:
- School climate is generally positive and inclusive;
  - Consistency among staff members in the use of approaches to negative behaviour.
  - We have seen an increase in the number of students who feel they have someone at school who consistently provides encouragement and can be turned to for advice.
5. Based on the school climate survey and other relevant data, the School proposes the following action plan to address areas requiring improvement:
- Ensure consistent use of restorative practices across all classrooms, areas of the school and improve self-regulation strategies used by students (*Zones of Regulation*).
  - Survey students (particularly those in Intermediate grades) to determine areas of interest, with the intent to plan/organize extra-curricular clubs/activities that promote a positive sense of belonging among students in the school.
  - As a staff use AIM model at monthly staff meetings to consider how best to attend to mental health and well-being of our students.

### **Post-evaluation Strategy**

The School will reassess the results of subsequent school climate surveys to verify the efficacy of the positive initiatives implemented. The “post-evaluation phase gathers evidence to test the efficacy of the prevention, responses, interventions or supports provided in order for changes to be made, where necessary.”

Upon re-evaluation, the School will update the information in this template to reflect the effectiveness of its bullying prevention initiatives.

## **III. Policies and Procedures**

St. John XXIII School recognizes that a whole school approach and the policies and procedures of ALCDSB are important for promoting positive school climate and well-being.

The School also recognizes that the goals of policy initiatives must address the areas of challenge identified in school/Board climate surveys and other relevant data.

1. The School will actively communicate its policies, procedures and guidelines to the school community (including involving the school community in the review and/or development of policies, procedures and guidelines relating to Caring and Safe Catholic Schools, by taking the following steps:
  - Make available to St. John XXIII Catholic School community the School Code of Conduct.
  - Make available to St. John XXIII Catholic School community the School Improvement Plan for Student Achievement and Well-Being.
  - Ministry of Education Provincial Parent Guide;
  - Athletics Code of Conduct;
2. The roles/responsibilities of the school community (students, staff, parents, and community members) are as follows:
  - To follow the standards of behaviour as outlined in the Code of Conduct
  - To participate in a whole-school approach to positive school climate in order to ensure that schools are safe, inclusive, and accepting. The Ministry of Education Provincial Parent Guide link: <http://www.edu.gov.on.ca/eng/safeschools/code.pdf>.

## **IV. Prevention**

The School recognizes that fostering a positive learning environment will help to reduce possible bullying, harassment, and discrimination incidents. The School is committed to taking steps to strengthen prevention measures.

1. The roles and responsibilities of the Caring and Safe Catholic Schools Team (which will be communicated to the school community) are as follows:
  - Team members are responsible for addressing issues identified in the School Climate Surveys and other related data;
  - Communicate issues and concerns at staff meetings and Catholic School Council meetings;
  - Review school policies, procedures and routines as required.
2. From its evidence-based analysis, the School has identified the following practices and initiatives for promoting positive school climate and well-being:

  - g) Strategies to support and encourage role modeling by caring adults and student leaders within the School and school community:
    - Catholic Student Council;
    - Peer assistance and mentoring programs.
    - Leadership opportunities.
3. The School has identified the following learning and training opportunities for school staff and the school community that are needed:
- Annual training promoting positive school climate and well-being:
  - Promoting Positive School Climate and Well-being pamphlet for parents (available at the Board's website [www.alcdsb.on.ca](http://www.alcdsb.on.ca));
  - Roots of Empathy
  - Continue to liaise with James Reilly, Safe and Caring Schools Teacher.
  - Use of AIM model.
  - Promote social engagements outside of work such as TGIF's.

## V. Interventions and Support Strategies

The School recognizes the importance of using timely interventions and supports with a school-wide approach.

1. To this end, the School will:
  - Use teachable moments within a progressive discipline approach to address inappropriate behaviour, and consider mitigating and other factors;
  - Have in place processes and strategies to identify and respond to bullying when it happens;
  - Restorative Practices are in place to support prevention and intervention practices;

- Communicate the progressive discipline approach to the school community and the procedures in place to support the student.
2. The School supports the use, in a timely manner and using a whole school approach, of the following evidence-informed interventions and support strategies:
- Restorative practices;
  - Discussion with Board Social Worker (Mental Health Leader);
  - Referral of students to school Youth Worker or to Mental Health Counsellor (secondary);
  - Liaise with various community agencies as required.

***Bullying*** - means aggressive and typically repeated behaviour by a pupil where,

- a) the behaviour is intended by the pupil to have the effect of, or the pupil ought to know that the behaviour would be likely to have the effect of,
  - i) causing harm, fear or distress to another individual, including physical, psychological, social or academic harm, harm to the individual's reputation or harm to the individual's property, or
  - ii) creating a negative environment at a school for another individual, and
