February Focus Virtue: **Peace Making**

Our school community continues to affirm our Catholic identity through daily prayers, school Masses and liturgies, social justice outreach, and curriculum connections. The Catholic virtues, such as faith, love, and temperance, guide us as we strive to be disciples of Jesus in our daily lives.

Middle Years Development Instrument (MDI)

- A survey will be taking place for students in grade 4 and 7. Students will be asked questions pertaining to their social and emotional development, health and well-being.
- The purpose of this project is to better understand aspects of children's development, health, and well-being that contribute to their overall success in school and in life through the voices of children. The MDI gives children a voice in reporting their thoughts, feelings, and experiences in school, at home, and in the community, including how they spend their time after school.
- Our goal is to use the information to improve education, support, and services for all students.
- Letters and information have been sent home to parents with students in grade 4 and 7.

The Usual Reminders:

We are Better Together:

We want your child here! As a school community we know that we are better when everyone feels like they belong and have a place in our community. The only way to make that happen is to make sure you are here. Not only does attendance create community, it is also strongly linked to student achievement. Let's make every school day count!

School Cash Online

You do not have to purchase anything to create an account. Not only does our school continue to strive towards becoming a "cashless school", by simply registering with schoolcashonline you will receive emails about upcoming items for purchases and awareness of field trips and other school events. Simply go to the website "SchoolCashOnline" and follow the prompts. Please do not send money with your child. If you need to pay by cheque or cash please come into the office and Mrs. Berthelot will happily accept payment directly from you.

Accessibility Parking

Just a reminder that accessibility parking is available. Please keep the spots open and available.

Safe Arrival Program

Parents/guardians are asked to call the school at **613-962-2162** whenever your child will be late or absent. A message may be left at any time on the answering machine. Please indicate your child's name, grade and teacher as well as your name. If no message is received, office staff will use the contact information provided to speak with the parent or guardian regarding the child's absence.

Signing In and Signing Out

A binder is in the office for parents/guardians to sign in their child when they arrive late and sign out when they pick up their child early. **Please do not take your child off the school yard.** Staff will call your child to the office to meet you.

Lunch Hour

All students are expected to stay at school throughout the lunch hour unless signed out by a parent/guardian.

Changes in After School Routine Any changes in your child's regular bus or pick up routine should be relayed to the office at least a day in advance when possible. If last minute changes are required, please call the school before 1:00p.m. to ensure the message gets to your child. **Please do not leave a message on the answering machine regarding changes in your child's end of day routine.**

Breakfast Club Volunteers Needed

This year we have been very fortunate to have volunteers from Community Living helping us out at our Breakfast Club program. We can always use more, so if you would like to help out simply call the office.

Anaphylaxis

We have several students in our school with life threatening allergies to nuts & peanuts. Eating or touching nuts, peanuts, & food containing nuts & peanuts can result in death in a matter of minutes. As parents, we all understand the intense concern anaphylaxis can cause. As a school community we will work together to reduce the possibility of exposure to allergens at school. Please continue to pack snack and lunch items that **do not contain nuts, peanuts, or nut products.** Should your child inadvertently bring one of these items, he/she will be asked to leave it in his/her lunch box and an alternate snack will be offered.

Medication

It is important that the school is aware if your child has a severe medical condition. School staff may only administer medication to students with written authorization from the parent/guardian **and** the prescribing physician. Please contact the school to discuss your child's medical condition and to obtain the **Medical Information and Consent forms.** All medications must be clearly labelled.
