Student Placements for 2018-2019

Towards the end of June, we will begin to prepare “tentative” class lists for September. The lists are tentative because a number of current students leave in June, and also because new students register in late August for September. Because families move during the summer months, we continue to juggle class groupings and class lists up to and including the first day of classes. Each year we encounter unexpected last minute changes. It is therefore impossible to provide class lists to anyone before the first day of classes. Thank you for your understanding.

On the first day of school all students will gather in the Gymnasium, at the beginning of the day, to learn who their classroom teacher will be.

With the above in mind, should any parent wish to share information with us that would assist in our class list deliberations, please send a letter to my attention noting the pertinent information (e.g., specific learning needs, current assessments, learning style or preference). Please remember that any information you provide will be considered in addition to other reasons at the school, such as gender balance, ability balance, class size, individual learning styles and peer dynamics. Our first priority is to ensure that we are fair to everyone. **Please take note that requests for specific teachers or friendship groupings are not appropriate as the other considerations noted above must receive priority. Any written requests from parents need to be received no later than Wednesday, June 20th.** Thank you for your consideration of and attention to this matter.
