6. Course Material

All materials presented in the course meet the Ministry of Education's expectations. All students must have an e-mail address and access to Microsoft Word or Google Docs. Some of the activities in this course will require the installation of some free software "plugins" on your computer. Normally, the computer will prompt you to install the plugin when you need it, but you may want to install them ahead of time. Installing these plugins is easy, and you will be given step by step instructions. Please note that some of these installs can take some time if you are using a dial up Internet connection.

- Apple Quicktime
- Shockwave, Flash & Authorware
- Adobe Acrobat Reader
- Real Networks RealPlayer
- Microsoft Media Player

Most readings and texts are presented in an online format. If there are hard copy texts required for your course you will be notified when you login to the course homepage. Text books and novels can be picked up at the Loyola Belleville and Loyola Kingston locations. A \$25.00 refundable deposit will be required to sign out text resources. Cheques will be cashed, only if the resource is not returned. Please make cheques payable to the Algonquin and Lakeshore CSDB.

7. Exams

Courses which require a final exam will be proctored. If you are a regular day school student who attends an Algonquin and Lakeshore Catholic Board high school you will be required to go into either the Loyola Kingston or Belleville campus on Monday, July 31st, 2017 for 9:00 am. Your teacher will inform you if you are required to write a proctored final exam. eLearning Program Information for Parents

eLearning education may be a new experience for everyone. It is an exciting way to present information to students.

- Students are better prepared for the independent learning environment at university and/or college.
- Students develop time management and organizational skills.
- Students get the opportunity to take a course that may not be offered at their home school or that will not fit into their timetable.

Students are able to go through the lessons as often as they wish. The course material is always available.

What is involved?

Course Material

Each course is made up of units. Each unit contains a set of lessons and assignments. All materials presented in the course meet the Ministry of Education's expectations.

Time

Students have some flexibility with scheduling the time they spend on and off-line. The teacher will set due dates for assessment. The student is responsible to meet those deadlines. Regular attendance in the course makes the difference between success and failure. **A daily commitment of approximately 5.5 hours per day is required.**

Parental Role

Thank you for taking an interest in your child's education. Parental involvement increases the chances of your child doing well in school and in this course.

Spending a few minutes a day with them will increase their chance of success greatly. Ask your child to show you how to check for due dates. They will also be able to share how they can check their grades and get feedback from their online teacher.

Important Information

If your son or daughter is enrolled in an eLearning course and under 18 years of age and decides to drop their course, you must provide permission to their teacher on or before Monday, July 17th via email. Students who remain on the class list after July 17th will have a mark entered on his/her transcript.
